## Creative Expressions For The Disabled

### Where We All Love To Dance!

"Dance for All" Creative Expressions for the Disabled was created to provide an opportunity for those with disabilities to demonstrate artistic expression freely and provide positive mental stimulation.

"Dance For All" is geared to both children and adults. It focuses on creativity, coordination, social skills, energy, rhythm, and body awareness. It is a dance and creative arts class with a difference. This innovative program gives people with a range of disabilities the rare opportunity to experience the joy of artistic expression. It is an attempted to help dispel the negative notions of underachievement and encourage self-esteem and self-respect. Everyone is beautiful and unique and this recreational program explores the equality in all.

Programs for those with special needs are too uncommon, thus this is my motivation for the inception of "Dance For All." I have worked in dance with people of all ages, backgrounds, cultures and abilities. And I truly believe that artistic expression promotes healthy living and encourage everyone to live life at its best.
